

Riser Kit Instructions

B&R Riser Kit

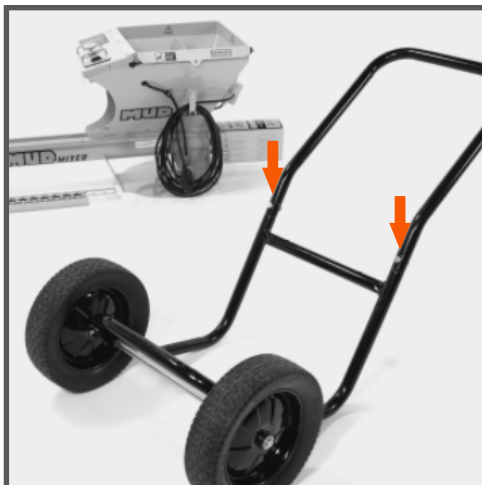

Tools Needed

9/16" Wrench or
Adjustable Wrench

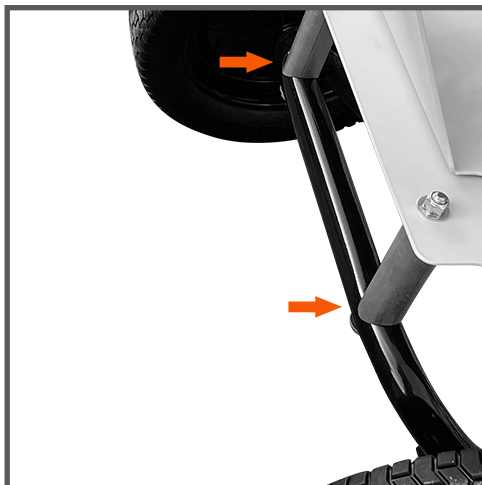

X2

Adding the B&R Riser Kit will allow your MudMixer to fit over the top of your Block And Roll® Form

Secure **Part C** MudMixer Frame Handle to **Part B** MudMixer Frame with **Part J**, M10 x 50 Bolts, Washers, Nuts (2 of 6)

Place **Part F** Base Plate on **Part B** MudMixer Frame oriented as shown in the photograph (PIVOT LOCK RELEASE positioned on handle side) Secure Base Plate to Frame using Riser tubes (4) and 3/8" x 8" Bolts, Washers, Nuts. This replaces **Part J** hardware. You will not need the remaining 4 **Part J** hardware.
